REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The rejections based on the proposed combination of WO 00/35242 in view of "Switchable Privacy Glass" and the proposed combination of "Switchable Privacy Glass" in view of WO 00/35242 should be overturned since:

(1) Even if the proposed combinations were made as asserted by the Examiner, the resulting combinations do not teach all claim elements, since neither reference teaches "a display image source disposed in the window pane."

(2)

The motivation provided by the Examiner for making the proposed combinations is not taken from the art itself. Since there is no demonstration that the motivation is commonly known by those of skill in the art, the motivation provided by the Examiner is conveniently selected in hindsight only, which is prohibited.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Chapman E. Jeanette whose telephone number is 571-272-6841. The examiner can normally be reached on Mon.-thursday, 8:30-6:00.
